

### Asphalt Update – 8/21/2023

- Milling phase has been completed as of 8/3/23
- ~~Pulverizing will commence on Mon. 8/7/23 and pending weather conditions should be finished on 8/11.~~
- Although the road will be open, residents should expect delays and for those that typically passthrough you may want to seek alternate route.
- The rear entrance to the Whitman Middle School will be opened Mon. to make it easier for residents that live in the general area.
- The Pulverizing and grading process has been completed as of 8/18
- Emulsion Injection process will begin on **Wednesday 8/23**
- Fine grading will follow the injection process which is expected to take 3 days finishing on Friday 8/25
- The **Emulsion injection needs approximately one hour to cure before cars can drive on it so, please avoid the area and use the rear entrance to the Middle School as much as possible.**
- The Emulsion will need an additional four days to fully cure before the base level of Asphalt can be applied, which is Scheduled for **Wednesday 8/30**
